Last year **MLMBUZZ.COM** announced it would stop bringing you the latest in network marketing news and **invest 100% its time and resources to seek out the BEST MLM opportunity on the internet.** We refused the offers of money and perks from all reviewed companies and stayed true to our commitment to provide an unbiased analysis and objective criticism during the selection process. We are not associated with ANY of the companies that we reviewed and in no way were we under any obligation to pick or mention anyone.

There are several MLM opportunities on the internet today. With so many offering "The best pay plan" or "the best opportunity", we felt we owed it to the industry, and those that are looking for the right business to pursue, to investigate these companies and identify **THE BEST MLM.**

We made the decision to not use our name when researching and interviewing companies. Since most companies are familiar with **MLMBUZZ.COM** and we did not want them to put on a dog and pony show to impress us. We approached each company as an individual looking to get into MLM.

We spent the first 90 days reviewing hundreds of different companies. We were able to immediately dismiss most companies as they were either start ups, not properly registered with the proper agencies, or did not return one of 3 different phone calls. After we narrowed the hundreds of companies down to the top 40, we went to work. We focused on 5 specific areas of each company:

Product
Longevity
Payplan
Experience
Professionalism

It is important to point out, we were not looking for good MLM companies, we were looking for the BEST. We did come across certain aspects of some companies that we thought were unique and worth mentioning, but in the end chose to stay true and only honor one company. After 9 months of research and due diligence:

**MLMBUZZ.COM would like to announce our selection as
THE BEST MLM OPPORTUNITY of 2006

We were impressed with several companies, but we were blown away by what YOURTRAVELBIZ (YTB) offers. In an industry of fly by night, get rich quick opportunities, YTB has established itself as a network marketing company in which all others should be measured. They have raised the bar for the entire industry.

Here are some of the key reasons YTB came out on top.

- * **Publicly traded and in business for over 5 years**
- * **Easy to understand business model and compensation plan**
- * **Over 100 years of combined MLM experience between the founders and management team**
- * **Legal representation (Ted Lindauer is in house counsel)**
- * **Growth over the past 12 months and the potential for significant growth over the next 24 months**
- * **Internet based application in a multi TRILLION dollar industry**

YTB appears to have all of the ingredients necessary to be the largest MLM of all time.

We congratulate all of the top 40 companies that made it through our strenuous selection process and in particular, **YOURTRAVELBIZ.COM for being the BEST of 2006.**
